### Families as Partners Intervention Fund Strategy Worksheet

---

Intervention funds will support services and resources that parents and staff identify as necessary to meet the goals and needs of their communities. This fund should align with Families as Partners goals and ensure that authentic community voices are heard and included when delivering programs in schools. The main areas identified in the planning grant include safety, wellness (including mental health), and educational support such as college preparedness. Examples of what these funds will provide include college tours and education for parents, mental health supports, refugee services and technology support and education for parents.

1. What is the need and how did you identify it?
2. What is your plan to address this need and what is your desired outcome?
3. How many students and how many parents will be served?
4. What assets do you already have and what resources are needed (monetary, staff time, space, etc.)?
5. How does your initiative support parent engagement? What role will parents play and what role will staff play?
6. What amount are you requesting from intervention fund? **Please write a short description of how funds will be used and a breakdown by sub-object (see box), and attach any documents that provide financial estimates for the initiative)**

**Check all applicable EoE funding categories.**

**Families as Partners Intervention Fund Strategy Worksheet**

---

Please indicate below which grant objectives your proposal will meet (Check all that apply):

**Category 1: LEADERSHIP - STRENGTHENING PARENT ENGAGEMENT**

- Funding will support parent engagement in deeper learning and growth, using the 4Cs (capabilities, connections, cognition and confidence). This can include funding for a welcome center
- Funding will support parent engagement with school community members to identify needs and support their students' education.
- Funding will support a parent-led event with at least 10% campus parent participation
- Funding will support the ongoing training of staff to sustain the promotion of effective family –school partnerships
- Funding will support parent and staff training in completing a multi-step process that includes one-on-one meetings and conversation circles

**OBJECTIVE 2: ACADEMICS - STRENGTHENING PARENT ENGAGEMENT**

- Funding will support a campus level academic event, with at least 25% parent participation and including parents in the planning committees (ex. Science Night, Multicultural Night, Literacy Night)
- Funding will be used to support other parent-led initiatives that promote education (Ex. Estrellita volunteer training, SEL workshop, English as a Second Language class, etc.)
- Funding will be used to expand educational opportunities for students and parents in their school and/or in the community (Ex. College workshops, Conscious Discipline training, books to encourage literacy at home, transition trips to middle school, etc).

**OBJECTIVE 3: HEALTH AND SAFETY- STRENGTHENING PARENT ENGAGEMENT**

- Funding will be used to support initiatives aimed to promote the wellbeing of families, physically, mentally, and emotionally (Ex. Cocina Alegre/Happy Kitchen, fitness and nutrition classes, SEL workshops, etc.)
